## STREAMLINING FINANCIAL MANAGEMENT FOR MINT GATEWAY L.L.C WITH NETSUITE IMPLEMENTATION BY AARIALIFE

### CUSTOMER AT A GLANCE

Mint Gateway L.L.C is a UAE-based fintech company that offers innovative financial solutions to the unbanked and under-served population in the region. The company aims to provide tailored financial services to unbanked workers and their employers. Mint Gateway's platform provides industry-leading financial services designed to meet the specific needs of their clients.

### BUSINESS CHALLENGES

Mint Gateway was facing several challenges due to their legacy systems, which made it difficult for them to obtain timely and accurate reports. The company had no clear reporting mechanism, and disintegrated information was making it challenging to manage their daily operations. Management had no visibility on day-to-day operations, which was hindering their decision-making process.

### SOLUTIONS

To address Mint Gateway's challenges, Aarialife, a NetSuite implementation partner, recommended NetSuite Financials First and NetSuite One World for UAE and Canada. NetSuite Financials First is an entry-level financial management solution designed for small businesses, while NetSuite One World provides a comprehensive global business management solution for multinational organizations.

### RESULT

The implementation of NetSuite Financials First and NetSuite One World by Aarialife helped Mint Gateway overcome their key business challenges. The solutions provided by NetSuite enabled Mint Gateway to achieve real-time consolidated reporting, automate their financial management process, and migrate historical data to NetSuite, giving them valuable insights into their financial performance. These solutions improved the company's overall financial management, providing them with a reliable platform to make informed business decisions.

### BENEFITS

The implementation of NetSuite Financials First and NetSuite One World enabled Mint Gateway to achieve real-time consolidated reporting, which improved their ability to obtain accurate and timely financial reports. Automated upload of data from their billing system to NetSuite further simplified their financial management process. With historical data for three years migrated to NetSuite, the company could obtain valuable insights into their financial performance, enabling them to make informed business decisions.

### WHY AARIALIFE?

Mint Gateway L.L.C chose Aarialife as their NetSuite implementation partner due to Aarialife's proven track record of successful NetSuite implementations for similar clients in the financial services industry, comprehensive solution tailored to Mint Gateway's specific needs, detailed project plan, ongoing support and training, and experienced consultants with in-depth knowledge of NetSuite and the financial services industry.
